WHO WE ARE

Established in 2001, Ecowize is a leading provider of Cleaning and Sanitation Services & Equipment to the food industry in Australia and New Zealand.

Since then, we have rapidly grown to the forefront, becoming the market leader in outsourced cleaning and sanitation services. We are part of the Ecowize Group, which operates in key markets around the globe.

WHAT WE DO

Our primary focus is ensuring that your facilities are always audit ready. From wet cleaning to dry cleaning and CIP – we have your plant covered.

WHY WE'RE DIFFERENT

We provide you with peace of mind. Ecowize is the first cleaning solutions provider in the food industry to be accredited to the Food Safety ISO 22000 standard. Our outsourced services are supported by real-time reporting and documentation.

WHY ECOWIZE?

Our brand is one of the most recognised in the food industry when it comes to cleaning and sanitation services. Our name is synonymous with high performance and high compliance cleaning solutions.

- We listen to your needs
- Our robust systems ensure standardisation and due diligence
- We are experts in complex site environments – both for wet and dry plants
- We are at the forefront of technology and innovation

8 KEY SERVICES

Cleaning and Sanitation

We're a leading provider of cleaning and sanitation services to the food industry in Australia. Our market leading service ensures compliance with food standards required by your customers, third party auditors and your supply chains.

Cleaning Equipment and Consumables

We offer only the best and latest technological advancements when it comes to hygiene equipment and solutions, because we know this is critical in your ongoing success.

Our product range is extensive, so we can offer you a solution for every challenge.

Whether you need a clean-in-place foam cleaning system to improve operational efficiency, enhance productivity and ensure safe food, a clean-out-of-place solution that can be applied throughout various site locations to disinfect and decontaminate your plant, or a built-in cleaning system- we have a solution for you.

Critical Response

Our brand protection program responds efficiently and effectively to any incidents that happen at your facility.

Our technicians are trained to deal with all types of food safety incidents, we can assist you to get your business back up and running with minimum down time.

We are certified to Food Safety Standards for ISO 22000 and have the knowledge and expertise to service your plant.

Protect your staff, the community and your brand with our critical response cleaning service and brand protection program.

Washroom Hygiene

Personal hygiene policies and practices are the foundation for successful food safety and quality assurance. We provide an array of washroom hygiene solutions, making it easier for your people to maintain personal hygiene and - ultimately - ensuring the safety of staff and end-customers.

ENTRUST US TO PROTECT YOUR BRAND, EMPOWER YOUR BUSINESS AND BE AUDIT READY.

Auditing, Consulting and Training

Our auditing services support your operations and give you the insight, tools and methods to achieve excellence. Our gap audits analyse food safety and hygiene-related systems within your organisation. As supply chains grow, so does your exposure to risks that can damage your brand's reputation. Our cleaning and sanitation allows you to effectively manage your process by removing unnecessary steps, identifying vulnerabilities and implementing sustainable improvements.

Our consulting and training programs form the foundation for successful plant cleaning programs and quality assurance.

We are actively involved in numerous industry associations, accreditations, memberships and partnerships and are the preferred supplier to many large food corporations.

We provide an array of training applications that can make it easier for your company to maintain hygiene levels and correct processes and procedures.

One-off Periodic Cleaning

We can assist you in finding the right solution for your business - even if that means a one-off clean. We understand that every client has different objectives. We don't take the approach of one-size-fits-all. Our tailored client management means that your business is in safe hands and you can have confidence in knowing that your brand is protected.

Office, Amenities Cleaning and Property Maintenance

Our convenient, office and amenities cleaning service and property maintenance can help you maintain a clean work environment with minimal disruption to business activities. Our focus is always on finding the best solution for your company and delivering services that exceed your expectations.

On-Site Laundry Management

Our commercial laundry services are based on the methodology of on-site laundry operations, the services include collecting, counting, laundering and folding your laundry items as well as hand-out to your staff at the start of shifts.

The on-site laundries are fitted with modern laundry equipment and chemical dispensing systems to ensure strict quality control protocols.

We help you meet industry requirements for plant hygiene and effective cleaning for food and beverage hazard control.

AROUND THE CLOCK

We pride ourselves on safeguarding your brand and ensuring a smooth day-to-day operation of your facility. Hence we offer around the clock access to comprehensive information pertaining to your facility's entire cleaning program.

FLEXIBLE AND AGILE CLEANING PLAN

We understand how dynamic the food processing industry can be and the unanticipated obstacles it may throw your way. Hence, our continuous flexibility and agility aims to shield your facility, before encountering any hurdles.

WE TAILOR SOLUTIONS TO YOUR INDUSTRY NEEDS

Our expertise is focused on customising your cleaning program to your specific requirements and to address your plant specific challenges.

Some of the facilities we manage include:

- Bakeries
- Dairy
- Meat Farming, Processing and Packaging
- Fresh Produce
- Food Manufacturing & Packaging
- Poultry Farms, Hatcheries, Processing & Packaging
- Red Meat
- Seafood and Fisheries
- Snack Foods
- Small Goods, Retail Ready & RTE
